

EDUCATIONAL FIELD TRIP: A REPORT

Class: VI to X

“ I hear and I forget; I see and I remember; I do and I understand.”

On December 3rd 2016 (Saturday), National Public School, Kengeri, Bengaluru had organised a one day trip to Sreerangapattana for students of Grade VI to X. The much awaited day for students and excitement was evident. We kick started our journey around 7:00 a.m. After the departure, the students were involved in talking, laughing, singing and dancing during the travel.

After an hour of travel, we stopped first in Ramanagara and had breakfast. Everyone enjoyed authentic food served in a natural ambience. Further on reaching Sreerangapattana we took the blessings of Lord Sree Ranganathaswamy at the temple around 10:30 a.m. Next we reached Ranganatittu Bird Sanctuary. This place was flooded with migratory birds and animals. We went for boating and noticed variety of birds with vibrant colours & size. It was a pleasant experience to watch the birds. At the same time it was bit scary to see the crawling crocodiles on the rocks & in water. After witnessing Birds & animals in action we set to have our lunch. The pleasant ambience amidst nature with Cauvery water, quacking Ducks, majestic bird Turkey & snowy Rabbit & aromatic lunch added bliss to everyone.

The next places we visited had historical significance – the Tippu Gumbaz and Summer Palace, there children got an opportunity to know more about Tiger of Mysooru - Tippu Sultan. Near Summer Palace we had our evening snacks and boarded buses for our final journey to school. We reached Bengaluru around 8:00 p.m. This educational trip was extremely an educative one to the students for the reasons that they had a meaningful insight and an experiential learning. The trip indeed was a memorable one.
