

## REPORT ON CHILDREN'S DAY

Childhood is a blessing and the most fun filled phase of life. To mark such an occasion children's day was celebrated on 14-11-2016 in our school premises.

Teacher's took this unique opportunity to give a brief insight into the life of Chacha Nehru and his special connection towards children.

To make this day a memorable and a fun filled one, children were taken out of their class rooms to the lush green lawn in our very own school campus.

The Lawn area had a jaw dropping decorations of buntings and balloons. They were surprised to receive a warm welcome from the live cartoon characters - Tom, Jerry and Noddy which happens to be an all time favorite of children. The joy doubled up when the characters shook hands with them and danced along to their favorite numbers. It was an unstoppable day and the children utilized this liberty and played games to their heart's content.

Children relished on a piece of cake and 'children's day' at school hence came to a pleasant conclusion.
