Report on Grade 5E special assembly

“Saving energy TODAY will make TOMORROW bright”

Students of class VE presented an assembly on the theme “The World Nature Conservation Day” intended to raise awareness about protecting our precious nature and natural resources.

To add more wisdom to the concept, students performed a hilarious and informative Skit on “Save nature to save life on the Earth.”

The assembly concluded with student’s awareness to promote sustainable development around the globe and to make it a part of our daily life. As a token of gratitude, coordinator Ms. Geetha C ma’am presented the sapling to beloved Principal Ma’am.

“We don’t inherit the earth from our ancestors, but we have borrowed it from our future generations. It’s the debt, which has to be paid off not waived off”.
