DIGITAL INDIA REPORT OF GRADES 6 TO 12

Digital India is a flagship Programme of the Government of India with a vision to transform India into a digitally empowered society and knowledge economy.

Digital India week is celebrated in India in the first 2 weeks of July every year. The aim of Digital India Week was to showcase India's technological prowess to the world, explore collaboration and business opportunities for Tech Start-ups and inspire the Next Gen citizens by presenting a techade of opportunities for them. The overarching theme for Digital India Week was **'Digital India: Catalysing New India's Techade'.**

Digital India week is celebrated in our school to bring awareness on various digital technology developments happening in the country. The students of Grade 6 to 12 made lots of charts on various technology topics such as artificial intelligence, digital citizenship, online shopping, medical field etc. They were displayed on bulletin board in the school.

The students of Grade 10A had special assembly on the topic 'Digital India' on July 3rd 2023. They gave elaborative information on the development and importance of digital India and enhanced the importance of digital citizenship. The students of Grade 10B had special assembly on the topic 'Digital India' on July 5th, 10th and 12th 2023. They shared the vision of prime minister and the actions taken for it. The class assembly highlighted some major advancement of digital world and its advantages to the citizens with a rhythmic rap song. The students of Grade 10C had made a special chart on 'Make in India' apps and medical apps developed by Indians.

The 'Digital India Week' celebration was a great opportunity to raise awareness of the importance of digital literacy and how it can be used to improve the lives of Indians.
