### *Report on World Environment Day'23*

*World Environment Day is celebrated worldwide on 5<sup>th</sup> June to create awareness among people about protecting the environment. The first-ever World Environment Day was celebrated in 1973. World Environment Day acts as a platform to create awareness about various issues that have adverse effects on the environment like global warming, overpopulation, pollution, etc.*

*National Public School, Kengeri, Bengaluru celebrated World Environmental day on 5<sup>th</sup> June 2023. The students of Grade-12 participated in the programme. They performed a street play to depict the harmful effects of plastic. Through the Street play, the students tried to create awareness among our young students.*

*The play ended with a positive note-  
"Say No to Plastic- Solution to Pollution."*
