Report on Grade X 'B' Assembly

DIGITAL INDIA
Power To Empower

"The world used to think we are a land of snake charmers and black magic. But our youth has surprised the world with its IT skills"

The students of Grade X 'B' presented their assembly programme in the second and third week of July 2023, on the topic 'Digital India'.

The introduction to the topic had the highlights on the need to empower India digitally and our journey of digitalization till date. Quotable quotes, thought for the day, on all days focused on the valuable insights of our honorable Prime Minister Mr. Narendra Modi, which had the essence of bridging hope to opportunities.

The students shared information on the significance of digitalization, its objectives, the nine pillars of digitalization, and the magnificent creation of next-generation developments and progressions-AI (Artificial Intelligence) which shed light on the end-to-end automation and orchestration of various complex operations of AI reducing the human error.

As a part of special programme, on 19th August 2023, the students presented rap song on digitalization which made the entire students hum it towards the end of the programme and a skit on the theme of technological revolution over post-independence. The skit contained the interaction of popular personalities from 1965s to 2000, with a You - Tuber. Maximum likes and shares were considered to declare the winner of the session.

Lots of fun elements webbed in the script made the audience happy and the assembly concluded with a smile on each and everyone's face.
