

# NATIONAL PUBLIC SCHOOL

KENGERI, BENGALURU

## Report on Christmas

*"Christmas is the day that holds that brings everyone together."*

On December 19th, the school celebrated Christmas with great enthusiasm during the school assembly. The students put on a vibrant skit, performed a heartwarming song and delivered an energetic dance that beautifully portrayed the nativity of Jesus Christ. In addition to the performance, one of the students took the stage to share the true significance of Christmas, emphasizing the values of love, peace, and kindness that the holiday represents.

To further immerse everyone in the festive spirit, carol singing filled the air and a beautifully arranged crib was set up in the school lobby. This provided all the children an opportunity to experience the true essence of the Christmas celebration. The sight of the crib, coupled with the melodies of the carols, created an atmosphere of warmth and joy.

Through the celebration, the students not only enjoyed the festive activities but also gained a deeper understanding of the importance of Christmas. The event concluded with an inspiring and informative speech from the principal, who reminded everyone of the values of compassion and unity that Christmas brings. It was truly a memorable celebration that brought the entire school community together in the spirit of the season.
