## Report on Conservation Of Environment

*"Protecting the Earth is an act of love for all living beings."*

Grade 5 students were given the exciting opportunity to teach their younger peers. They were tasked with preparing an engaging PowerPoint presentations and relevant activities to facilitate the learning experience. This entire initiative, from planning to execution, was led by the Grade 5 students.

Through this activity, Grade 5 students will not only reinforce their own learning but also develop valuable life skills such as leadership, communication, and empathy.

students from junior grades will experience an enriched learning environment that fosters curiosity, communication, and social development while reinforcing foundational concepts in a fun and engaging way.
