Report on Enchanting Acres

“Explore is a way of stretching the mind, and a way to let joy fill your soul.”

Our class children of grade 1, on 5th Feb 2025 and grade 2, on 6th Feb 2025, went on a delightful picnic to Enchanting Acres, a scenic spot known for its lush greenery and peaceful atmosphere. We departed from school early in the morning, filled with excitement for a day ahead. Upon arrival, students explored the beautiful surroundings, taking part in painting, sowing seeds, feeding animals, wonder of different vegetable plants, pony riding, pottery making, observed many creatures, tractor ride etc... Children participated in team-building activities, which fostered collaboration and friendship. A picnic breakfast and lunch was delicious, children enjoyed the healthy food. In each activity children gathered for a group photo. Capturing the day's memories. The trip was so exciting with a huge success, cherished whole day. Children departure was with great smile and unforgettable moments.

“Traveling through Enchanting Acres is not just a trip, but a soul-refreshing experience that stays with you forever,”
