

National Public School Kengeri, Bengaluru **Assembly Report - Grade 12**

"BETTER ENVIRONMENT, BETTER TOMORROW, SAVE OUR MOTHER EARTH"

The students of Grade 12 enthusiastically presented their class assembly titled "Nurture the nature for better future", to spread awareness as a part of "World Environment Day", on 3 June 2024 and 8 June 2024. The programme centred around the theme "Environment Day". Presentations and activities highlighted the need of protecting our planet, urging everyone to take meaningful step towards conservation and sustainability. This event was designed to highlight the critical issues faced by our planet and to promote sustainable practices within our vibrant, educational community.

The assembly programme focused on the crucial topic, 'Environment and land conservation'. The main segment was a mock interview of various societal groups about their views on land and environmental conservation. A quiz segment, was specially designed for students from Grades 9 to 11, featuring a diverse range of topics, challenging participants' knowledge and wit. The quiz programme encouraged active participation from the audience, creating a dynamic atmosphere filled with energy and enthusiasm. The winners of the quiz were announced amidst cheers and applause. Each winner was presented a well-deserved award, celebrating their achievement and participation.

The assembly concluded with a strong appeal to actively contribute towards environmental conservation, emphasizing the collective responsibility to protect our planet. The Environmental Awareness Week assembly were palpable throughout the school, with a noticeable shift towards a more environmentally conscious mindset. The 'Environment Awareness Week' contributed in creating conscious caring citizens. The assembly programme was a resounding success, igniting passion, awareness, and action towards environmental stewardship among the school community. NPSK has taken significant strides towards creating a greener, healthier future for generations to come.

GO GREEN TO KEEP THIS WORLD CLEAN.....
