### CLASS 8 'E' ASSEMBLY REPORT

Happy Dussehra

***"Within each of us lies a Durga- a force of compassion, strength, and resilience, ever ready to rise against darkness and inspire the light in others"***

*The students of Class 8 'E' showcased a vibrant and thematic assembly on the topic, 'Dussehra', in the last week of October 2024, which captivated the audience. All the students participated enthusiastically, ensuring a well-rounded and collaborative event.*

*The assembly commenced with a powerful presentation honouring the nine forms of Goddess Durga. Nine girls portrayed the different forms, each accompanied by a narrator, who shared insights about the goddess's name and significance on that particular day of Navaratri. Each form represented an aspect of a woman's life, such as compassion, strength, beauty, and motherhood, offering valuable lessons on these virtues. This presentation left a profound impact, helping students understand the symbolism behind each goddess. The students presented a group song that creatively intertwined the themes of Dussehra and Halloween, symbolizing the victory of good over evil. The rhythmic and melodious performance used instruments like the ukulele and Congo, adding depth to the song's rhythm. This lively rendition encouraged the audience to tap their feet and engage with the performance, illustrating the students' musical skills and the innovative merging of two cultural themes.*

*An expressive group dance inspired by the traditional 'Garba', displayed strong emotions and impressive coordination throughout, capturing the spirit of the festival. This dance segment highlighted the importance of teamwork and cultural appreciation among the students.*

*Overall, the assembly programme provided invaluable learning experience. Each student showcased the inherent talent, building self-confidence and shedding inhibitions as they performed before their peers. Such assembly programmes are instrumental in moulding students' personalities, allowing them to express creatively and collaborate meaningfully in a supportive environment.*
