

NATIONAL PUBLIC SCHOOL KENGARI, BENGALURU

Charity Drive Programme

On November 14, 2025, our school celebrated Children's Day in a unique and meaningful way by organizing a Charity Drive Programme for the primary students. Instead of celebrating the day only with games and entertainment, the school decided to use this special occasion to teach students the values of compassion, empathy, and social responsibility by visiting 'Prajakirana Charitable trust'.

The programme was organized with the objective of helping children understand the importance of sharing and caring for those who are less fortunate. Prior to the event, teachers explained to the students the significance of charity and kindness. Students were encouraged to contribute items such as clothes, books, toys, stationery, and food materials that could be donated to people in need. The response from the students and their parents was overwhelming, and many students willingly participated by bringing useful items for the drive.

On the day of the programme, the collected items were neatly arranged and displayed. Teachers spoke to the students about how even small acts of kindness can make a big difference in someone's life. The children were excited and proud to be part of an initiative that helped others. Some students also shared their thoughts about why helping others is important.

The Charity Drive Programme not only made the celebration of Children's Day special but also helped instil important moral values in the young minds. It taught the students that true happiness comes from giving and caring for others. Through this activity, the school successfully encouraged the students to develop empathy, kindness, and a sense of social responsibility toward the community.
