

NATIONAL PUBLIC SCHOOL KENGARI, BENGALURU

Grade 2

Topic: Money

Activity – Shopping role-play activity

Objective: Learning to use money wisely through real-life shopping experience.

Description: Students participated in a classroom mock shopping activity where they role-play as shopkeepers and customers. Using play money, they bought and sold items by recognizing the currency notes and coins. Through this activity students connected the topic with real-life experiences, which encouraged experiential and joyful learning. This activity also helped students improve communication, critical thinking, decision making and money management skills.
