KENGERI, BENGALURU

“With technology we can achieve the unimaginable”

A special assembly on the theme "Digital Week" was conducted on 4th July 2025 by the students of Grade 5C to promote awareness about the impact of technology and responsible digital citizenship among young learners.

The assembly featured an engaging skit highlighting the importance of balancing screen time, avoiding cyberbullying and using digital tools responsibly, while promoting values like awareness and empathy in the virtual world. This was followed by a lively group song by Grade 1 to 4 celebrating the positive role of technology in learning and communication, energizing the audience with the spirit of young digital natives.

The event concluded with a thought-provoking debate on the topic "Computer: A Boon or a Curse?" reinforcing the need to be smart, safe, and ethical users of digital tools in everyday life.

The assembly by primary students (Grade 1-5) was a meaningful initiative that successfully combined education and entertainment, leaving the students and teachers inspired to embrace the digital world with mindfulness and responsibility.

Digital India: A Change in Vision for Future
