Report on Educational Trip

Grade 11 & 12

The students of Grades XI and XII (science stream) had the privilege of visiting the Jawaharlal Nehru Centre for Advanced Scientific Research (JNCASR), located in Jakkur, Bangalore, on 30th June, 2025. This prestigious research centre was founded under the visionary leadership of Bharat Ratna Professor C.N.R. Rao. The day also marked the birthday of Prof. C.N.R. Rao.

The students witnessed the esteemed presence of Prof. Rao himself felicitating eminent science teachers from across the country. They were drawn into the intriguing world of Asteroids through a talk by Dr. B.R. Guruprasad, Director, JN planetarium, Bangalore. The students also visited the Bharat Ratna Gallery showcasing Prof. Rao's achievements and Nobel Prize gallery exhibiting the various Nobel laureates and their contribution to science. They also visited the mesmerizing live demonstrations of experiments in Chemistry and Physics wrapping up a day filled with enlightenment, fascination and awe-inspiring.

The visit was intellectually stimulating, encouraging critical thinking and problem-solving among the students and the unique experience of visiting a top research institute and meeting renowned scientists undoubtedly created lasting memories.
