

NATIONAL PUBLIC SCHOOL KENGERI, BENGALURU
REPORT ON GRADE 8 B CLASS ASSEMBLY

“Hindi is not just a language—it is the voice of our identity, the essence of our culture, and the rhythm of our emotions.”

The students of Grade 8 B presented a vibrant and engaging class assembly on ‘Hindi Diwas’ in the first week of September 2025, to honour the significance and rich heritage of the Hindi language. The celebration aimed to rekindle the pride in Hindi as a language that has long shaped the cultural and emotional fabric of India.

The celebration began on a melodious note with a heartwarming group song that beautifully captured the glory, grace, and timelessness of the Hindi language. The song resonated with the audience and set the tone for a series of culturally enriching performances. A mesmerizing Kathak dance performance followed, reflecting the elegance of classical Indian art forms that find expression through Hindi literature and poetry. The dancers performed with poise and passion and left the audience in awe. To foster curiosity and excitement, the students also conducted a lively quiz on famous advertisement taglines, which saw active participation from students across various grades. The quiz not only tested their recall but also highlighted how Hindi connects with the everyday lives of people in creative and commercial spaces. Another powerful moment came with the declamation of speeches by renowned Hindi literary icons—Harivansh Rai Bachchan and Mahadevi Varma. The students eloquently delivered excerpts from their works and speeches, honouring their contributions to Hindi literature and showcasing the beauty of expression in the language.

The ‘Hindi Diwas’ assembly presentation was a perfect blend of music, dance, knowledge, and literary appreciation. It successfully celebrated Hindi not just as a language, but as a cultural force that unites and inspires all.
