

NATIONAL PUBLIC SCHOOL KENGARI, BENGALURU

International Traffic Light Day

A special morning assembly was conducted by the students of Grade 2D, providing them with an opportunity to develop confidence, communication skills and awareness through meaningful presentations. The assembly began with the Thought of the Day, which conveyed a positive message and encouraged students to begin their day with good values and a positive attitude. The students then presented the News, sharing important happenings and helping their peers stay informed about events around them.

This was followed by the New Word of the Day, where students introduced an interesting word along with its meaning and usage.

The highlight of the assembly was a short skit on International Traffic Light Day. Through an engaging and age-appropriate enactment, the students demonstrated the importance of traffic signals and following road safety rules. The skit highlighted how traffic lights guide pedestrians and vehicles and help prevent accidents.

The assembly concluded on a positive note, with the students of Grade 2D confidently presenting each segment and demonstrating teamwork, creativity and responsible citizenship.
