

NATIONAL PUBLIC SCHOOL KENGARI, BENGALURU

On Thursday, 2 July 2026, the students of Grade 5C presented a thoughtful special assembly on the theme "Silent Teachers Around Us" in the school

assembly ground. Through a creative skit, everyday objects like a bag, book, pencil, an eraser, and a water bottle came alive and shared meaningful life lessons.

Each object reminded students about responsibility, the joy of learning, perseverance, accepting mistakes, and caring for health. The simple yet engaging presentation encouraged everyone to realise that valuable lessons can be learned from the ordinary things we use every day. It was an inspiring and memorable assembly.
