

# NATIONAL PUBLIC SCHOOL KENGRI, BENGALURU

## *Report - Saksham Special Assembly*

*Date: 31st July 2026*

### *Theme: People Who Care for Me*

A Saksham Special Assembly on the theme "People Who Help Me" was conducted on 31st July by the Grade 2 students. The assembly focused on helping children understand and appreciate the important role played by the people who care for, guide and support them every day.

The Grade 2 students beautifully enacted the roles of parents, grandparents, teachers, housekeeping staff, bus drivers and other helpers, portraying their contributions through simple and meaningful performances. A special highlight of the assembly was the felicitation of the real-life helpers on stage. The teachers, housekeeping aunty, bus driver and other support staff were honoured and appreciated for their valuable services.

The assembly helped students develop gratitude, respect, empathy and appreciation towards the people around them. It conveyed the beautiful message that every person who helps us, whether at home, in school or on our journey to school, deserves our respect and a heartfelt "Thank You".

The assembly was meaningful, engaging and emotionally enriching, leaving the students with a valuable lesson:

**"Every helping hand deserves a thankful heart."**
