Report on Grade 9 Parent Orientation (2026-27)

"When parents and educators share a common vision, students gain the confidence to achieve their fullest potential."

An Orientation Programme for Grade IX was conducted to acquaint parents with the CBSE curriculum, assessment framework, and academic expectations for the academic year 2026-27

The programme commenced with a welcome address emphasizing the importance of Grade IX as a crucial stage in a student's academic journey. The parents were introduced to the revised CBSE curriculum, competency-based learning approach, and assessment framework. They were further acquainted with the curriculum structure, learning outcomes, project work, internal assessments, and examination procedures, enabling them to gain a comprehensive understanding of the Grade IX academic programme. The session also highlighted the importance of regular attendance, timely submission of assignments, and active participation in academic as well as co-curricular activities. Additionally, parents were provided with guidelines and strategies to support their children's learning and overall development.

The Principal addressed the gathering and provided valuable insights into the transformation of the Grade IX curriculum, highlighting the key changes introduced in the syllabus and their significance in enhancing students' conceptual understanding, critical thinking, and overall academic growth.

The programme concluded with an interactive feedback and interaction session, during which parents' queries were addressed. The orientation served as an effective platform for strengthening collaboration between the school and parents, thereby supporting the academic success and holistic development of students
