

**NATIONAL PUBLIC SCHOOL, KENGARI, BENGALURU**  
**Report on Grade 8 Educational Trip**

*National Public School, Kengeri organized an educational trip for students of Grade 8 to the Nandini Milk Processing Complex (NMPC), Kanakapura on 24<sup>th</sup> and 25<sup>th</sup> of June 2026. The purpose of the visit was to help students understand the process of milk collection, processing, quality testing, packaging, and distribution. The trip provided practical knowledge beyond classroom learning.*

*On reaching the Nandini Milk Processing Complex, the teachers and students were warmly welcomed by the staff, who explained the importance of the dairy industry and the role of Nandini in providing safe and nutritious dairy products. The students were taken on a guided tour of the facility, where they observed the different stages of milk processing.*

*The official explained and demonstrated how milk is tested for quality, pasteurized, homogenized, and finally packed using modern automated machines. The staff emphasized the importance of hygiene and cleanliness throughout the production process. After the tour, the students were served a wholesome lunch by the management. As a token of appreciation and remembrance, each student was also presented with a complimentary gift.*

*The educational trip to the Nandini Milk Processing Complex was highly informative and successful. The students actively participated throughout the visit and showed keen interest in the learning activities. It enhanced their understanding of the dairy industry and its contribution to society.*
