## QShala Financial Literacy Programme for Grades 6–8

Our school is delighted to introduce the QShala Financial Literacy Program for students of Grades 6 to 8. Middle school is a crucial stage for developing life skills, and financial literacy empowers students to make informed and responsible decisions.

The program helps students understand key concepts such as saving, budgeting, needs versus wants, responsible spending, digital transactions, and goal setting in an engaging and age-appropriate manner. The program comprises interactive sessions and a culmination quiz. Through storytelling, discussions, quizzes, audio-visual content, and hands-on activities, financial concepts are made relatable and practical for young learners.

The program aims to equip students with essential lifelong skills. We seek the support of parents in encouraging their children to actively participate in this enriching initiative.

## Yuvi Pep Programme - Empowering Young Innovators for the Future

We are excited to launch a STEM-Based Experiential Learning Programme for students of Grades 6–8. This initiative is designed to equip students with essential 21st-century skills through engaging, hands-on learning experiences.

By integrating Science, Technology, Engineering, and Mathematics (STEM), students will explore real-world challenges, develop critical thinking and problem-solving abilities, and build creativity, collaboration, and innovation skills.

This programme aims to inspire curiosity and prepare learners to become confident, future-ready individuals equipped to thrive in a rapidly changing world.

### Principal's Desk

Dear Readers

It gives me great pleasure to welcome you to the first edition of "The Treasure Trove" for the academic year 2026-27. As we begin another exciting year of learning and growth, this newsletter stands as a window into the vibrant life of our school and the many milestones we will

create together. At our school, we believe that every experience contributes to shaping confident, compassionate, and future-ready learners. Through academics, innovation, creativity, sports, and values, we strive to nurture young minds and inspire them to discover their fullest potential.

Each edition of The Treasure Trove will capture memorable moments, student achievements, and meaningful experiences that reflect the spirit of our school community.

I extend my heartfelt appreciation to our students and parents for their continued enthusiasm and partnership. May this year be filled with curiosity, excellence, and countless opportunities to learn and grow.

Happy Reading and best wishes for a wonderful academic year ahead.

Warm Regards  
Principal

## Environment Day Celebration – 5 June Nature's Call, Our Response: A Symphony of Hope for the Climate

On World Environment Day, students of Grades 11 and 12 organised a meaningful celebration centred on the theme "Inspired by Nature for Climate and Our Future." The programme created awareness about environmental conservation and inspired collective action for a sustainable future.

Students brought the theme alive through a powerful street play, expressive dance performances, and engaging presentations that highlighted the importance of protecting our planet and adopting environmentally responsible practices.

Parents were invited to participate in the celebration, reinforcing the message that caring for the environment begins together. As a special gesture, parents planted saplings on campus, symbolising hope, growth, and commitment towards a greener tomorrow. The event concluded with the message that every conscious step today can create a healthier and more sustainable future for all.

## Parents' Orientation Programme – Grades 6–8

Parents' Orientation sessions for the new parents of Grades 6–8 were conducted on 6 and 13 June 2026. The sessions familiarised parents with the school's policies, assessment and examination patterns, academic processes, and various outsourced programmes planned for the academic year 2026–27. The programme strengthened school–parent partnership for students' successful learning journey.
