Report on Grade 9 A Class Assembly

The students of Class IX A presented their assembly in the second week of June 2026, on the theme of "World Day against Child Labour", aiming to create awareness about the importance of children's rights and inspire students to work towards building a more just and compassionate society.

The assembly commenced with an informative skit depicting the harsh realities of child labour. The performance portrayed the life of a child who was forced to work while children of the same age attended school. Through this thought-provoking presentation, students highlighted the grave injustice faced by countless innocent children and encouraged the audience to reflect on their plight. The message was also conveyed through a unique blend of humour and awareness. The students presented a creative skit set aboard a special aircraft, taking the audience on an imaginative journey through various milestones. The humorous yet meaningful performance effectively illustrated the stark contrast between our modern, privileged lifestyles and the difficult lives of child labourers, leaving the audience enlightened. A captivating dance performance advocated equality and dignity for all children. The dance depicted the struggles faced by underprivileged children and their journey of resilience, perseverance, and eventual success. The powerful presentation conveyed a message of hope and encouraged everyone to strive for a society where every child is given equal opportunities to learn, grow, and achieve their dreams.

The programme ended with a hope to ignite compassion and responsibility among their peers and inspire them to work towards a future where every child holds books instead of bricks and is treated with dignity, equality, and respect.

"Let us strive for a future where every child holds books, not bricks, dreams without fear, and walks the path of dignity, equality, and hope."
