

NATIONAL PUBLIC SCHOOL

Kengeri, Bangalore.

Mrs. Geeta Dikshitt

Greetings to all !!!

Dear Parents,

"A goal without a plan is just a wish which will never materialize."

I heartily welcome all the parents and students to the academic year 2017-18.

The essence of success for any organization is revealed through its planning.

Buzzing Bees is an initiative taken by NPS Kengeri to brief you about our day today events. It will be uploaded on our school website by second week of every month - unfolding all relevant information a parent must know. Be the part of this wonderful journey with our kids. Let's care, share and work together to be the best in the world...

Classroom Activity (CACT)

Classroom activities are designed to facilitate maximum learning and comprehension. CACT can lead to self-directed learning. It can be very helpful to make the teaching and learning activity more effective and interesting. It gives opportunity to each and every pupil in the class to exhibit his/her talent in different spheres. It also encourages the student to develop intra and inter personal skills.

Guidelines

Encourage the child to attend the class regularly.
The child should reach the assembly before 08:05am.
Mon-Thu: Regular school uniform with black velcro shoes.
Thursday regular uniform with house color cap.
Friday house color uniform with cap and white velcro shoes.
The name plate needs to be properly pinned to the uniform.

Co-Curricular Activities (CCA)

Competitions have become a vital factor in everyone's life. The spirit of participation and the thrill in the being close to the winning arena are the feelings to be experienced.

We at NPS Kengeri, believe in inculcating the spirit of being an important part of a team, contributing positively towards achieving the goal. Students are divided into four houses NICON, MAXIMS, REGULUS & PERICLES. Apart from reaching excellence academically, we encourage students to take part in various co-curricular activities to help them to master their life skills, positive attitude, boost confidence and develop healthy competitive spirit accepting victory and failure equally.

Each student's achievement contributes to the house points and the end of the year the house with maximum points lifts the house trophy.
