

Greetings to all !!!

Dear Parents,

"Dream it, Believe it, Achieve it."

An exam is not only a test of academic knowledge, it is also a test of calmness, stability and courage. Laziness may appear attractive, but work gives satisfaction. Exams are an unavoidable part of student life and can be a hard nut to crack. We need to sit together with our children and plan a study routine which motivates them to manage their time. I wish good luck to all my students. Let us encourage our children to face the exams positively and make their best efforts. I also wish you all a very Happy Dasara and a fabulous vacation.
