Academic Year 2018 - 19 GRADE -VI 'C'

"Imitation is the sincerest form of television"

Television has changed a child from an irresistible force to an immovable object. Television is simply automated day-dreaming. Not to deny the fact, that the television in today's society has become one of our most basic resources of information.

In apparition with the above mentioned concept, a Class Activity was presented by VI C students on 27 February, 2019 on Positive and Negative Aspects of Watching Television.

The problem with today's generation is that, they do not have the wisdom to discriminate, between what is good and what is bad for them. Students of grade VI presented TV shows which should be opted by the children to educate them.

Reality shows are saga of today. 'NPS has got a Talent' was presented with Instrumentalists, Drama and Dance. In 'App Ki Adalat,' Mohammed Adil was Narendra Modi as a spokesperson. Breath taking performance was given by Ghana Samskruth and Prajwal as Arjuna and Bharuvahana. 'Chandan Sharma Comedy Show' was presented by Chandan and group for entertainment. Yoga was displayed with three different asana to stay fit and healthy. An aura was created when pretty girls of the class danced 'Dhandiya'. It was concluded by mentioning the positive and negative impacts of TV Show's. The advantages of Television are overshadowed by the adverse impact it has on a child's mind. Restriction should be enforced against indiscriminate viewing.

Students were appreciated for their efforts to put forth and to create awareness about TV shows.

"By all means let's be open-minded, but not so open-minded that our brains drop out."

- Richard Dawkins
