Academic Year 2018 - 19
GRADE -VIII 'B'

"Cell Phone has already replaced our Camera,

Calendar and Alarm Clock.

We shouldn't let it replace our Family".

The Students of Grade VIII B were given a golden platform to outshine their hidden talents through the Class Activity.

The activity was an apt blend of creativity webbed with the social theme enveloped with the element of humor in it. The show had two acts, the first act was **MOBILE PHONE ADDICTION** and the second act was **SAVE WATER**.

The first act had the glimpses of everyday life and how people have become the slaves for gadgets, and consequences of this addiction. This act came to an end with a message that "let's not forego our family at the cost of addiction."

The second act was mime, about **Save Water**. A short mythological feeling of origin of water on earth was given to the audience through a classical dance form and then continued with a theatrical technique of suggesting action, character, and emotion without words, using only gesture, expression, and movement was used to illustrate how we are negligent about water. Consequences of wasting water were also enacted well. The second act was concluded with a message that **every drop counts**.

The act received applauds from everyone for their flawless performance which rendered 'food for thought' for the gathering.
