C-Act - Grade V

The students of Grade V collectively performed class activity on the topics of 'Guru Shishya relationship' & 'Trends n Talks & Friends'. This activities helped the children to realize the Importance of Guru in student's life from ancient period to the modern period. Students depicted the guru shishya bondage between Ekalavya & Dronacharya, Chandragupta mourya & Chankya, Ramakrishna paramahansa & Vivekananda , a teacher & her student in modern era.

'Trends n Talks & friends' had a different twist. It was all about homophones, meaningful dialouges & game with words. It was a lot of fun with tongue twisters, realizing meaning thoroughly. One minute game of rhyming words added more value to the show. Children realized & exhibited the Trends of Indians as global citizens. Students performed activities with great dedication & enthusiasm, which made it a memorable one.
