Academic Year 2018 - 19

## REPORT ON QUIZ CLUB

Grade-VI to IX

Quizzing is the art of the intellect. General knowledge contributes to personal enrichment and a better understanding of the world as a whole. The quiz club activities for 2017-2018 started with the Social Science questions for the budding quizzers.

The quiz club aims at identifying students' talent in quiz and creating opportunities for them to sharpen their interest in different subjects.

The Club which started from 21<sup>st</sup> June discussed about different topics for the mock quiz presentation and named each team. The topics were based on current affairs, sports, information technology, science inventions etc. The students from grade 6 to 9 were the members of the quiz club.

To enhance the knowledge of club members, students were trained to nurture the habit of collecting information from every possible source like quiz books, newspapers, magazines etc.

On 12<sup>th</sup> July, the club conducted '**MONORAMA- TELL ME WHY**', books were distributed to each student and questions were created based on the content of the book. The students enjoyed the competitive spirit within the club activity period and there was a healthy discussion and sharing of information on the given topics

On 16<sup>th</sup> of August, "**RIDDLE QUESTION QUIZ**" was conducted in which the students enjoyed and enriched their knowledge about riddles.

Finally, mock quiz was presented on 6<sup>th</sup> September, 2018. Nithinkumar of Grade-9 and Srushti of Grade 8, were the quiz masters. There were four teams- Sapphire, Diamond, Ruby and Emerald. This session had three rounds-general question round, picture recognition and Rapid- Fire round. Students enjoyed the quizzing and it ended with posing questions to the audience.

Hope the spirit of quizzing stays alive in the upcoming years...
