

SCIENCE DEBATE**FOR GRADE III TO V ON 28-06-2018**

Debate increases the confidence, poise and self-esteem among the students. To encourage and inculcate the determination to succeed, Science debate competition was conducted on 28th June 2018 for the students of Grade 3 to 5.

Students were selected based on the prelims conducted by the science teachers in the regular classes. As it was an inter house competition 8 teams of 3 members each were on the stage comprising of one student from Gr-III, Gr-IV & Gr-V respectively. Two teams from each of the four houses Nikon, Maxims, Regulus & Pericles spoke For and Against the topics given below–

Grade 3 - “IS PLASTIC A GOOD OR BAD INVENTION”**Grade 4 - “CHEMICAL FERTELIZERS DOING MORE HARM THAN BENEFIT”****Grade 5 - “ADVANCEMENT IN TECHONOLGY IS HARMFUL OR BENEFICIAL”**

Relevance to the topic, language skill, confidence and presentation were the rubrics for judgement. All the participants delivered their speech and made their points clear confidently. This was highly appreciated by the judges and Principal Mam and children were motivated to do better and reach perfection through practice. Debate was a grand success it created awareness amongst the students about -
 disadvantages of Plastics and how it can be used wisely,
 How organic farming can replace chemical fertilizers,
 Proper use of science and technology can be a boon to humanity.
