“Learning should be a joy and full of excitement. It is life's greatest adventure; it is an illustrated excursion into the minds of the noble and the learned.”

NPS Kengeri had organized an excursion to Mysore which is a unique cultural learning experience, encourages curiosity and is also a best tool to provide real world experience. Memories of school educational trips are among the most prominent of the formative years, largely because they are a welcome break in the routine for both student and teachers. Purpose is essentially to educate and can also be a fun bonding experience.

Children boarded the bus at 6.30am on 7th Nov 2019 and visited Chamundeshwari temple (Shakti Peeta) a traditional Hindu temple, also has statues of Nandi and Mahishasura. After seeking the blessings of goddess Chamundi it was a visit to zoo.

Mysore zoo established in 1892 by Royals of Mysore. Children learnt the objective and mission to conserve wild life, inspire people to save and appreciate wild life

Moving on to Mysore palace, Children were awestruck with the magnificent edifice of Indosaracenic style of architecture, which is renowned for its light, sound show and vibrant Dasara celebrations.

In the evening it was a visit to KRS and Brundavan gardens – Illuminated dancing fountains surely is one of the many highlights of this place.
