Kanakadasa Jayanthi is an annual festival celebrated in the Indian state of Karnataka. It commemorates the birth anniversary of Kanakadasa, a renowned poet, philosopher, musician and composer.

Kanakadasa reflected upon the social issues in his poetry such as social hierarchy of rich and poor. His main focus was on the social evil caste system. He even depicted every day life of the common people in the society.

We are glad and proud to say that **NPS , Kengeri** celebrated Kanakadasa Jayanthi virtually on 3rd December 2020 . Grade IV students energetically took part in various cultural activities like singing songs and keerthanas, they also addressed upon the life of Kanakadasa and significance of the day. These activities exclusive spoke about Karnataka's greatest poet Kanakadasa.

Our teachers enriched us by giving more information about his life and the significance of celebrating this day.

I would like to congratulate all the teachers and students who made the programme very interesting and informative.
