

NATIONAL PUBLIC SCHOOL, KENGERI, BENGALURU

Virtual CCA report of the school year 2020-21

A new school year 2020-21 was a challenging one for everyone. Students had a disrupted hour by the spread of Coronavirus. We at NPS are committed to impart the best quality education whether in school or online. In such uncertain environment, it's important that learning continues.

These activities were bifurcated as term 1 and term 2 to facilitate students to explore their strengths and talents beyond classroom learning. This provided our students with great experience at home with parents.

Term 1 activities mainly focussed on the skill of clear and expressive speech, especially of distinct pronunciation and articulation. Elocution topics were given to students to speak in English, on with the time frame on specific days. Kannada and Hindi speaking skills included the recitation of the poems and Mono acting for grades 6 and 7 respectively, whereas grade 8 had a wonderful virtual platform to put forth their arguments. All these activities were judged with specific rubrics to award students with first, second and third place.

Term 2 activities of poster making facilitated students to have creative thinking and extensive research and reading. Students enjoyed this activity to learn by doing, in turn strengthening their learning.

Dance, vocal, instruments and fancy dress were also the part of term 2 activities which were designed to awaken the cultural awareness and the development of aesthetic senses.

Students performance with the best available attire to suit their roles were a really a week long treat to the eyes of audience in the virtual mode.

During this pandemic situation, in the midst of virtual learning mode our students exhibited their developing passion, leadership and creativity.

Parents interest, initiative and support all through the year is worth of appreciation. Finally we were successful in striking balance between books, curriculum and extracurricular activities.
