CELEBRATION OF GRACIAS

"Appreciation can change a day, even change a life. Our willingness to put it into words is all that is necessary."

With such willingness National Public School, Kengeri team, tried our best to appreciate the requisite entities of our lives, through our programme 'GRACIAS' which was a FABULOUS virtual treat on 5th August 2021 this would surely be clinging in the memory log of all the viewers for a long time. Where our little champs paved a way for all of us to evoke the sense of 'GRATITUDE' which we would forget to acknowledge in our busy lives. Being it NATURE-our source of life, PARENTS-the reason for life's existence, FRIENDS- most essential part of life, COMMUNITY HELPERS-who help us in different aspects of life. This was a small tribute to all of these extravaganzas of this PARADISE!

Precisely, GRACIAS fulfilled the concept of 'IKIGAI' by letting our 'Hearts to replete with thankfulness!'
