Report on Grade 3B Special Assembly

“Successful people don’t fear failure but understand that it’s necessary to learn and grow from.” -Robert Kiyosaki

The students of Grade 3 B, presented virtual class assembly on 30th November 2021 based on the theme - “Failures”...a path way to Success.

Most often we quit doing things when we fail, thinking it to be final. That is what the students discussed that failure is never fatal, in fact it is the pathway of success and provides important lessons.

The assembly began with a soothing flute music played for the song Believer..... by one of the student followed by welcome note and introduction about the Special Assembly theme.

Students confidently began the formal part of the assembly with Prayer and Pledge by thanking God and seeking His blessing, as they started a new day followed by a revitalizing Thought for the day and News Headlines from across the globe.

A short story about a successful businessman Mr. Milton Hershey, the chairperson of Hershey's chocolate factory was narrated with lot of expressions and emotions to motivate the listeners to find a ray of hope in all the work we do.

A declamation of our former president and a successful scientist [Dr. APJ Abdul Kalam](#) was also presented by one of the student to inspire others to overcome their fears of failures and move confidently towards success.

To add more energy to the assembly, a student gave the message of ['Never give up'](#) by dancing for a peppy track.

The main motive of this special assembly was to make students aware of life and failures of various personalities from across the globe and how they rose again successfully.

The assembly ended with the melodious flute music of the National Anthem played by a student followed by vote of thanks. Students and the teacher whole heartedly thank the management and Principal ma'am for providing this opportunity to present class assembly.
