Report on 'Grade 7 'A' Special Assembly'
Topic: "First Indian Cricket Test Match"

"Talent wins games, but teamwork wins championships"

The students of Grade 7A conducted their class assembly for the academic year 2021-22, from 22nd June 2021 to 26th June 2021.

June 25th is a red-letter day in Indian cricket as it was on this day that India played their first ever test match at the Lord's and then returned to the same venue after 51 years to lift their first ever world cup.

The students took everyone on a trip down the memory lane by selecting the topic, "First India Test Cricket Match" as it was on 25th June, in 1932 that Team India participated in Test cricket match for the first time and made its mark in the world cricket. It was on this day that India stepped up on a cricket pitch as a Test playing nation for the very first time. It was shown how our Indian team lost to England but now it has become one of the best teams in the world.

The students also tried to re-create the whole scene of 25th June 1932 by playing an over match. A short video was shown to motivate the audience as to how the Indians were waiting for 28 years after 1983 to win the next ICC World Cup.

The program concluded with a short quiz which made the audience think about the same and recollect the information that they were already aware of. The students had a fun and exciting time shooting, playing and acting for the class assembly program. The memories of the special day was etched in the minds of the audience and made them nostalgic to remember it till eternity.
