Report on 'Grade 7 'B' Special Assembly'

Topic: "Plastic"

“Nurture the nature to protect our future.”

The students of Grade 7 B conducted their class assembly for the academic year 2021-22, from 19th July 2021 to 23rd July 2021.

Plastic has many valuable uses. They have become integral to our daily lives. We have become addicted to it, with severe environmental consequences.

The students of Grade 7B presented a special programme on Friday, 23rd July to shed light on the harmful impact of plastics on environment and emphasize on the urgent need to curb its usage to protect our environment.

The programme was started by Sanchita Rajesh, who enlisted few characteristics of plastic and asked the audience to guess the topic. Siri R shared information about history and inventor of plastic. Manasvi continued the show by giving more information about plastic and introduced the inventor of Bakelite plastic by inviting Dhyan as Leo Baekeland on the show. The students Aum Rakesh, Ahyan Ahmed, Sharan V C, Pragathi A and Deepthi S performed a dance and promised to follow the motto -“ Less plastic, more Life”. Impana sang a song on the effects of plastic on aquatic life and gave a call- “Save us from plastic.....” Chandana briefed out about the effects of plastic on human health, and that plastic poisons our food chain and it never goes away. Art work by Deepthi S, Lekhana M, Sudhanva S Kashyap, V Kishan, Raghavendra M R, Manasvi C, and Pujan R Gowda, on the effects of plastic on living organism was also displayed. The concerns about effects of using plastic was conveyed very effectively through slogans on placards by Deepthi S, Deepika Kumar, L Chandana, Shree Annapoorna, and Pragati A.

The students conveyed their utmost concern about the ill effects of plastics and that, though a lot of positive action is seen in this direction, but the truth is that lot more is yet to be done.
