

NATIONAL PUBLIC SCHOOL **Kengeri, Bengaluru**

Report on 'Grade 8 'B' Special Assembly'

Topic: "Simplicity"

“Beauty attracts the eye but personality captures the heart.”

The students of Grade 8B conducted their class assembly for the academic year 2021-22, from 12th July 2021 to 16th July 2021.

Simplicity in life, is, living a life that is less hectic and shallow. It is a celebration of little things and these little things in life become big things because they create some of the biggest joys. The first person that benefits from simplicity is the one who possesses it. The simpler we can make things, the more successful we will be. Success depends on simplicity because it increases belief and builds confidence.

The students presented a special programme on Friday, 16th July to emphasise on the topic 'Simplicity'. It was conveyed very effectively through slogans on placards, skit on 'Simplicity', song on our great leaders possessing the quality of simplicity like Basavanna and Shivakumara Swamiji, and a speech on Subhash Chandra Bose.

All the students took home the message of **Beauty in Simplicity**-simple living, high thinking; which is very important in today's world, as, being simple, is the greatest quality that a person possesses to lead a happy life.
