KENGERI, BENGALURU

Assembly report- Grade 2 C

Grade 2 C Bubbly Buddies had a great opportunity of being a part of assembly event, which enhances their culture of communication and representation of academic and co-curricular activities.

Our smart stars began the assembly by giving the task for their friends to guess their assembly theme with thought rendered by one of their friends, which highlighted the theme of "Friendship".

The twinkles proceeded with their theme highlighting the importance of friendship and presented a skit by 'School Cinema', called 'The Teal Deer'. Which enforced, how friends help us in our difficult times too. Thus, concluded the event with a meaningful thought on friendship and thanked the school for giving them the opportunity to showcase their skills and boost up their confidence.

Thus, the intention behind implementing regular school assemblies to develop of feeling of unity and positive school culture among the student and staff was achieved.
