Students enacted a skit to bring awareness on the value of things provided to them by their parents and also highlighted the parents struggle / hard work involved in it. Some element of humor was added to make it lively. The opening of the skit was initiated by chanting the Vedic hymn. Everyone took part enthusiastically and did a great justice to their roles. Finally, it provoked a thought in the audience regarding the value of things and the wastage of food. Assembly programme of Grade VA was a great success.
