REPORT ON CLASS ASSEMBLY

GRADE 6B

“Social media is not a media. The key is to listen, engage, and build relationships.”

The students of Grade 6 ‘B’ presented 3 days assembly on the Topic ‘Impact Of Social Media’ from 11th February to 15th February. Through the assembly the students conveyed the message that social media can also build networking and relationship through its impact on society.

A social media report offers a means of extracting value from data based on various social networks (Facebook, Twitter, LinkedIn, YouTube, etc.) and metrics (follows, likes, reach, growth, awareness, post-performance, engagements, etc.) over various time frames.

A small skit on advantages of social media was presented. The skit created awareness about the advantages of some apps LinkedIn, Discard, Instagram and Fundraiser. Students showed that social media is not only about chatting, watching videos and having fun but it could also help during emergencies and find new professions.

The students also shared the brief information about social media its advantages and disadvantages.

A song was sung by Shrivatsa which mentioned the apps of all countries in the world. The students presented the assembly systematically with great enthusiasm.
