

National Public School, Kengeri, Bengaluru

Report of Orientation Programme on “Special Education Needs”

National Public School, Kengeri organized an Orientation Programme for its teachers, on the topic, “Special Education Needs”, on 24th May, 2022 in it’s premises. The workshop was conducted by ‘Drishti-Enabling Inclusion’, an organization dedicated to provide services regarding children’s mental and emotional wellbeing.

Ms. Haveesha Buddhdev, HOD, School Counselling Programme, Counselling Psychologist, RECBT therapist and a special educator; and Ms. Anvesha, HOD, Psychology, Bangalore, who has worked as a councillor with schools across various boards, conducted the programme.

The esteemed resource persons apprised the teachers about the various facets of special education and its exigency more so in the present scenario. They motivated the teachers, disseminated information on effective classroom management, and accorded an, in depth awareness of the need for special educators in schools, sufficed with references to case studies on specific learning disabilities. The teachers were also briefed on signs to observe, to detect learning disability in any student in the classroom and the course of action to be taken.

The insightful session indeed was an eye opener to the teachers and they were able to understand about the various learning disabilities, analysed the presence of it in some students, pondered on identifying learning difficulties in students and strategies to deal with it.
