Report on Educational Trip

Grade VIII

“Education is a life long journey whose destination expands as you travel”

Learning outside the confines of classroom has its own charm. It offers students an opportunity to interact with classmates and teachers in a more informal environment. Field trips help students to broaden the educational experience, exposes them to the world outside their own, help them gain deeper understanding through observation as well as make them more tolerant and understanding.

*On 16th August 2022, National Public School, Kengeri arranged an educational trip for the students of Grade VIII, to **Paramount Nutrition Private Limited**. The students were enthralled to watch the production of biscuits, right from the ingredients used to kneading, mixing, and shaping to baking. During their visit they also learnt about the different ingredients used and the source, like plants or animals.*

The ever-excited students were also taken to the auditorium and got to taste the freshly baked biscuits of the oldest biscuit company of the country. The students were excited to see the process of production of one of their main food items, simultaneously they also got to know the food value of biscuits in a better way.

The trip helped students develop their linguistic, logical, naturalistic as well as inter and intra - personal skill.
