

NATIONAL PUBLIC SCHOOL

KENGERI, BENGALURU

**Our Life has Purpose
Our story is important
Our dreams count; our voice matters
We are born to make an impact**

With this inspiring quote Grade VII had presented their Class Activity on Sep 1, 2016. The theme of the Class Activity was **'Inspirational Stories'**. Through this activity students showcased the lives of two real life heroes Ryan Hrejc and Remy Jose, exceptional children of same age group as Grade VII. The main objective behind this activity was to encourage students to believe that they can bring the change in their lives and life around them irrespective of their age.

The programme commenced by welcoming the Principal, Co-coordinator, teachers and the audience. To continue with the programme, the skit showcased the journey of possibilities and changes through the life of Ryan Hrejc who at the age of 6 dreamt of drilling a well for African people and Remya Jose who thought of the possibilities at the time of adversities. The protagonist of the skit dreamt 'Big' & brought change in their life & worked for the betterment of the society. Anchors, Narrators, Actors gave their best in terms of dialogue delivery and performance.

We all know 'Hope anchor souls'. This was surely depicted in the dance performed by the girls on the song 'Aashayein'. Another highlight of the story was PPT presented by the students which surely brought the scenes come to life. Everyone had put their best foot forward not only to entertain but to learn too.

Principal urged students to dream big, learn and inculcate the same to grow wiser and stronger as individuals. The programme concluded with Vote of thanks.

Indeed it was a wonderful and thoughtful programme.
