

NATIONAL PUBLIC SCHOOL

KENGERI, BENGALURU

No matter how far we come, our parents are always in us

With exuberant enthusiasm the students of Grade-8 presented their class activity with a wonderful topic ***'Respecting our parents'***.

They began their programme with a positive thought on parents

'Matrudevo bhava, Pitru devo bhava, Acharyadevo bhava, Adithidevo bhava'

There were different programmes like skit, acrostic poems, speeches, group song etc. The programmes from beginning to the end harmonized each other.

All the activities were supported by perfect slideshow.

Skits were thought provoking and also educated children about the importance of parents, their caring nature and how they should support in their old age.

An acrostic poem for obeying & respecting parents was presented with wonderful adjectives.

Through a melodious song the support of parents through different stages of a child's life were depicted.

It was really soothing to listen to the song with heart touching slides on the screen with beautiful pictures.

As children, most of the time they consider things as granted. But they really moved after the class activity.

Together they accepted and appreciated their parents sacrifice.

All the students of grade -8 actively participated.

Rather than a class activity, children celebrated their love towards their parents through this programme.
