REPORT ON CHRISTMAS CELEBRATION

DATE: 22.12.17

Christmas at NPS Kengeri was celebrated as a week long programme by the students of grade-8. Each day brought new positive thoughts of Christmas Spirit, and spoke of different Christmas traditions. The true Christmas spirit was infused with joy and cheer.

On the last day, after seeking the blessings of the Lord with a hymn, the students put up a skit depicting the Christmas spirit through the joys of giving. Joyous carols were sung with foot-tapping rhythm. There was a special dancing Santa whose presence increased the joy of all present manifold. Every person truly felt the season's special feeling.

Indeed it was a rejoiceful Christmas to remember, since it gave everyone the true spirit to love joyously and have ultimate compassion for the needy, as was the message sent out.

“Christmas is most truly Christmas, when we celebrate it by giving the light of love to those who need it the most.
