NATIONAL PUBLIC SCHOOL

KENGERI, BENGALURU

CLASS IX Activity 2017 - 18

TOPIC – UNITED NATION ORGANISATION(UNO)

"Peace, plenty and contentment reign throughout our borders

And our beloved country presents a sublime moral spectual to the world"

With great enthusiasm and zeal students of 9A and B together presented their class activity on the significant topic U.N.O . Each student involved themselves in to different roles with great interest and dedication. The anchors Master Archit .M.Nayak and Kumari Riya Ravikumar introduced the functioning of UNO. Followed by that students conducted a UNO mock assembly.It was really informative and kept the standard of a serious assembly. Dharini Hindalatti was the speaker of the mock assembly and Sanjana Ammanagi introduced the country's representative's .After that children presented few famous speeches in UNO- Punya Gowda as Malala Yausafzai, Prathyusha as Benjamin, President of Israel. Indeed it was all a thought provoking speeches with the wonderful backdrop of PowerPoint slide presentation. Students enacted few skits depicting to curb terrorism/war, managing natural disasters, food security etc. After the end of each skit they showed how UNO is providing /reaching its helping hands during the problems of the world.

The programme was concluded with a melodious symphony based on the theme **World peace**. The most surprising element of this song was that it was completely created by children. Prathyusha wrote the lyrics, Ayesha, Ajjaya and Chakshu added life to the lyrics with the mesmerising music and tune.

They set a benchmark for themselves as a young budding artists of NPS, paving hope for better musicians in the future. A special mention of Srujan Gowda who set the tone of the audience through his applaudable power point presentation throughout the activity .The presentation had the creativity to its zenith -a visual treat to the eyes.

The class activity instilled a sense of pride and enhanced their confidence. Throughout the programme all the students proved to be good speakers, singers, actors and so on. Overall they enjoyed their class activity.
