COLLAGE MAKING USING E-WASTE

FOR GRADE VI TO X

The valuable initiative of our Hon'ble Prime Minister - Digital India 'Power To Empower' is persevered as Digital Week at NPS through the Collage Making Competition, held on the 08th July 2016 for students of grades VI to X to show case their hidden talents of preparing a collage using electronic waste items (E-Waste), spreading the message of reducing E-waste and re-using and re-cycling the E- Waste to create innovative Art works.

Students collected old CD's, diodes, waste computer parts, Key board buttons, wires, cells, mother boards etc., and enthusiastically prepared photo frames, wall clock, decorative items, candle stands, greeting card etc., It was a tough task for the judges to select the best ones. Judgment was based on creativity and innovative ideas, materials used, skill and presentation. Judges appreciated the initiative and effort taken up by the students.
