

REPORT ON MATH CLUB
FOR THE ACADEMIC YEAR 2016-17

RAMANUJAN

Supplementing the teaching of mathematics in the class room and to widen the knowledge of the student NPS Kengeri has started “Math Club – Ramanujan”

It increases the interest of the students in math, they develop a team spirit by assigning the task. The leaders in a team take initiative and completes the task assigned to them.

The club considered students of Grade 3-5, they shared their views, ideas were exchanged. Students were more excited and actively participated in all the puzzles, riddles and quiz that were conducted during club period. They learnt and played math games, they were able to create riddles on their own, made different charts and gathered information based on various topics, used in the daily life experience to relate. Display and presentations were held.
